The philosophy of all Mecklenburg Area Catholic Schools programs is to love your neighbor as yourself by providing mutual respect for all staff and campers. We realize that children are learning this principle as they grow, however, camp expectations and consequences will be made known to each camper upon their first day of camp. Should a discipline problem arise, the child will be spoken to in hopes that through discussion and redirection, the problem will be corrected. If this does not solve the problem, a time-out will be given. Should the problem continue, the parent/guardian will be notified so that the problem may be discussed. A meeting with the director, parent/guardian, and child will follow. If these steps prove unsuccessful, the child may be dismissed from the program.

All transportation is provided by MACS buses and bus drivers. Field trips may be canceled due to inclement weather.
